# Where it runs

The server, basic hosting and basic WhatsApp messaging are included.

# Keeping it working

Maintenance, bug fixes and small changes as the business changes.

# People to reach

Support for the owner and staff, including the dashboard. Any time something isn’t working.

# Backups

The data is backed up, so one bad day never becomes a lost year.

# What costs extra

Written down up front, so nobody is surprised later.

**EXTRA**

- ✕ More storage, priced per terabyte
- ✕ Extra WhatsApp numbers
- ✕ New modules or big changes
