What counts

A named, written introduction that leads to a meeting. A WhatsApp message counts.

What partners earn

A share of the project fee, and of the monthly fee for the first six months.

Paid on money received

Not on money invoiced. If the client hasn’t paid us, we haven’t been paid either.

Paid within seven days

Of the client paying. Milestone by milestone, not at the end.

Six months to count

If the owner signs five months after the introduction, it still counts.

No lock-in

Non-exclusive. 30 days’ notice to exit, and anything already earned is still paid.

WHY IT'S BUILT THIS WAY

A referral program is a promise.

1. Written intro that leads to a meeting
2. Share of project and six months of fees
3. Paid on money received
4. Paid within 7 days
5. Counts for six months
6. Non-exclusive, easy exit
