WHERE BUSINESSES LEAK MONEY

Money is leaking somewhere and I can't see where.

5 leaks that never show up in your accounts, and the fix for each.

LEAK 1 OF 5

The slow first reply

✕ THE LEAK

The customer didn’t complain. They bought from someone faster.

✓ THE FIX

Every enquiry gets **an owner the moment it lands**, and the first reply is time-stamped.

LEAK 2 OF 5

The balance nobody chased

✕ THE LEAK

The work moved on before the payment came in.

✓ THE FIX

The next stage **doesn’t start until the payment is marked received**.

LEAK 3 OF 5

The revision nobody billed

✕ THE LEAK

Extra rounds of changes, done free because nobody counted them.

✓ THE FIX

Every revision is **logged and numbered**, so the extras can be charged.

LEAK 4 OF 5

The job done twice

✕ THE LEAK

Two people worked on the same thing. Neither knew the other had started.

✓ THE FIX

One record per job, with its stage and its owner, visible to everyone.

LEAK 5 OF 5

The order nobody collected

✕ THE LEAK

Finished work on a shelf, with the money still stuck.

✓ THE FIX

The customer gets **reminders until it’s collected**.

THE 5 LEAKS, FIXED

You can't fix a leak you can't see.

THE LEAK		THE FIX
✕ Slow first reply	→	✓ Owner + time stamp
✕ Unchased balance	→	✓ Payment unlocks next stage
✕ Unbilled revision	→	✓ Every revision counted
✕ Job done twice	→	✓ One record per job
✕ Uncollected order	→	✓ Reminders until collected
