WHERE BUSINESSES LEAK MONEY

Every report takes three days and still has wrong numbers.

5 myths that keep owners stuck with reports like this.

✕ MYTH → ✓ TRUTH

MYTH 1 OF 5

Someone has to make it

✕ MYTH

Reports need a person to build them.

✓ TRUTH

When work happens in a system, **the report already exists**.

MYTH 2 OF 5

Monthly is enough

✕ MYTH

Once a month is often enough to check.

✓ TRUTH

By then the month is over. **A number on Tuesday can still change Friday.**

MYTH 3 OF 5

Careless staff

✕ MYTH

Wrong numbers mean careless staff.

✓ TRUTH

Wrong numbers usually mean **retyping**.
Every copy is a chance to change.

MYTH 4 OF 5

More columns

✕ MYTH

More columns means more control.

✓ TRUTH

An owner needs **a few numbers, by branch and by person**.

MYTH 5 OF 5

Build it and they'll look

✕ MYTH

Build a dashboard and people will use it.

✓ TRUTH

Put numbers **where people already look**, like WhatsApp every Monday.

MYTH VS TRUTH

The best report is the one nobody had to make.

MYTH		TRUTH
Someone makes it	→	It already exists
Monthly is enough	→	This week matters
Careless staff	→	Retyping
More columns	→	A few key numbers
Build a dashboard	→	Send it where they look
