Who does what

✕ IN YOUR HEAD

You explain every step, every time.

✓ IN THE SYSTEM

Named stages, each with an owner.

Everyone has their own idea of finished.

✓ IN THE SYSTEM

A checklist that must be ticked before a step can close.

When to follow up

✕ IN YOUR HEAD

You remember. Usually.

✓ IN THE SYSTEM

Reminders the system sends, not ones you remember.

Customer history

✕ IN YOUR HEAD

Spread across chats, notebooks and memory.

✓ IN THE SYSTEM

One record per customer: every order, payment and file.

Who sees what

✕ IN YOUR HEAD

New joiners see everything, or nothing.
