WHERE BUSINESSES LEAK MONEY

“One tax notice and I’m in trouble, because my records are all over the place.

5 do’s and don’ts for records that hold up. Not tax advice. Just good records.

✕ DON’T → ✓ DO

Swipe

Bizzzauto · Where businesses leak money

1/7

Invoices

✕ DON'T

Type each one fresh in Word.

✓ DO

Create **quotations and invoices from the system**.

Documents

✕ DON'T

Leave them across phones and email.

✓ DO

Keep **every document in one place**, stored safely.

Money

✕ DON'T

Round it in a notebook and fix it later.

✓ DO

Record money **exactly, to the paisa**.

Changes

✕ DON'T

Let anyone quietly overwrite last month's numbers.

✓ DO

Keep **a record of every change**.

Backups

✕ DON'T

Assume someone else has a copy.

✓ DO

Back up every night, and check it works.

RECORDS THAT HOLD UP

Good records won't stop a notice. They stop the panic.

DON'T		DO
Invoices in Word	→	From the system
Scattered documents	→	One safe place
Rounded figures	→	To the paisa
Quiet overwrites	→	Every change recorded
No backup	→	Nightly, checked
